Board of the Division of Oil, Gas, and Mining  
1588 West North Temple  
Salt Lake City, Utah 84116  
Attn: Lee Spencer

Dear Lee:

We, the undersigned are all residents of the Prospector area of Park City where Western International plans to rework mine tailings from Park City's mines.

From the information we have received from the proposed mining company we feel that the quality of the environment will be greatly diminished due to dust, noise, physical appearance and safety. Also, this operation will have a negative effect on property values for the next four years which we feel is an undue hardship for the property owners to have to bear.

We would like to come before the board on Thursday June 25, at 1 p.m. to discuss our concerns.

Thank you.

Sincerely,

*Tom Helmsby*
